LEVY'S' LATEST

The Lord's right hand is lifted high; the Lord's right hand has done mighty things!

Psalm 118:16

Planes, Trains, & Ubers

After three long years of no live staff conference... We went, we partook, and were so encouraged. Our first stop was Chicago where we were picked up at the airport by a long-time friend Carl (we met Carl in college through Cru). Knowing Chicago well, he got us to brunch and then the train station where we took off to Milwaukee. So thankful all went as planned. No lost luggage and made everything on time there and back. Whew!

Our BIG Takeaway from Cru22

**Conclusion:
No tech, strategy
or resource
can replace
The Holy Spirit**

Our main takeaway from this conference was being completely immersed in some great teaching on waiting, relying, and looking to The Holy Spirit. The slide above during a Jesus Film meeting says it all. Jesus Film is very precise with ads on all the major social media sites, creating specific journey's (more on this soon) to reach a specific audience in any language, short film to spark meaningful conversations... the list goes on. Bottom line is that even though we have so many gifted people on our team, NONE of this replaces the amazing work and power of The Holy Spirit. We can rest in this assurance as we go about strategizing and planning.

We would like to ask that you take a moment to also be refreshed in your understanding of how The Holy Spirit is God's permanent presence with us. Select the button below and it will jump to another page on our website to walk you through. It's a great reminder to share this with others.
