

Spreadsheets are boring. What's being accomplished is anything but!

When we started in our Film Media Specialist role, the goal was to have 100 pieces of media accomplished by the end of the year. Our team recently realized our goal was exceeded. And we are still moving forward with many media pieces. This all translates to lives being touched and changed for God's Kingdom.

We could have you scrolling for a long time here with everything we are working on, but for now we'll just show you one thing we were humbled by that we got to be a part of. AGAIN :) we'd love to visit with you personally to share things we are unable to share online.

A Few of the Scripture Posts for Social Media. Provided in English, Ukrainian and Russian

Your partnership matters. And as always we thank you on behalf of the many being reached for Christ.

With all hands on deck during this continuing crisis in Russia and Ukraine, we had the opportunity to jump in to help the Film Production team by creating a set of social media scripture posts. Through this crisis many are looking for hope online. These short videos have been put on social media and wifi boxes that missionaries have brought to the area. what we created in hopes you are able to use it in your social media as you see fit. We are sharing the Ukrainian versions. If you'd like English or Russian, please let us know.
