LEVY'S LATEST

The Lord's right hand is lifted high; the Lord's right hand has done mighty things!

Psalm 118:16

This past March, we filmed a series called “Summer Connect.” This series is designed to disciple college students during the summer months. The series is centered on 8 weeks of relevant short video content that tackles many of life’s toughest questions. [All content is free and open to any student.](#)

Below, we have featured one of the speakers, Rachel Gilson, from the series. Each speaker has a strong compassionate message that reach to the places and situations students are finding themselves in today.

SUMMER Reconnect

Rachel Gilson – Confusion and a stolen book changed her life.

If you were to meet Rachel, she may seem to be like any young professional. Once you hear her personal story, you will sense a depth and a wisdom that can only come from a personal relationship with Christ. Her upbringing was unconventional from many typical American households. When she went to Yale, the two “pillars” her life was built on—her education and her romantic relationship with another woman—were both immediately taken away, leaving her in a place of confusion.

You can hear her story among many others on the Summer Connect Series available in June 2019. Until then, you can read her compelling testimony and about that stolen book [on this God Reports blog.](#) ■
